

We are so excited to introduce our 2017 Events Week, *Story Norwich*.

As a Christian Union, we have a fantastic and unique opportunity to connect with students all over campus and share the gospel with them at such an important stage of their lives. For many students, Story Norwich may be the most significant evangelistic opportunity they experience at university and we'd love your support in order to help us create a really amazing week of events.

How can you support us?

We need all the support we can get. Pulling off this events week will require a lot of resources, and a lot of prayer! We need to heat and fill the marquee, provide food and drink for guests, pay for lighting and decoration, publicity, and hopefully run a successful café during the week.

Practically, what we are looking for most at the moment is financial support. Our calculations suggest currently we will need around £2500 to cover the cost of the week. But the more money we can get, the more we can do, and the bigger and better we can make the events. As a CU, our members donate financially to our projects, but as students there are limits to our resources! We would love it if as a church you could prayerfully consider if you might be able to support us financially. We have a 'Go Fund Me' fundraising page where you can find out more details about the project and contribute to making Story Norwich a reality! www.gofundme.com/storynorwich

We would also love it if you could be holding us in your prayers as we continue with this project. Specific prayer requests include:

- Thankfulness for all the ways we've seen God's faithfulness and provision so far
- That God would give us great communication and understanding between those of us organising the week, and that we would be able to work well as brothers and sisters in the body of Christ
- That God would fill us with vision, and that ALL the Christians at UEA, whether they're a part of CU or not, would get involved with this
- That everything we do would be focussed towards the Kingdom of God and His glory, and that lives would be transformed!

We are so thankful for all the support we receive! If you want to find out more about Story Norwich and keep up with our progress, be sure to check out our website (www.storynorwich.com) as well as our Facebook, Instagram and Twitter pages. You can also contact us by emailing support@storynorwich.com
